

## Municipal Council Grants \$50 To Town Cemetery Boards

Reeve W. H. Metz presided at the regular meeting of the Council of the Municipal District of Mountain View No. 49, held in Didsbury on Wednesday, October 3, when the following appointments were made: Health Unit Members: Reeve W. H. Metz and Councilor C. Fox. Civil Defence Co-ordinator: Councilor W. J. Bagnall.

Deputy Reeve for remaining six months: Councilor W. J. Bagnall. Two assessment appeals were dealt with and sustained by Council.

A grant of \$50 each was made to the cemetery boards of Olds, Didsbury, Crossfield and Carstairs.

A communication from the Department of Health advised that View 29-27-Wth in M.D. Mountain View is now included in the Calgary Municipal Health District.

Council decided to call for tenders for re-wiring of the electrical system of the Municipal Office at Didsbury, tenders to be in by November 1st.

Approval was given to the granting of a lease for a road allowance on N.E. of 3-28-15 to L. P. Dolan.

Council placed an order for two new D-7 Caterpillar tractors to be used for road work.

Walter Snyder, supervisor of the Agricultural Service Board, was authorized to attend a weed conference meeting in Vancouver in November.

Accounts and pay sheets completed the business of the meeting.

Accounts and pay sheets completed the business of the meeting.

## Nine Prov. Districts Have Coyote Course

Nine districts in the Province have conducted schools in Alberta's coyote control program, according to Wm. Lobay, Supervisor of Crop Protection Service.

These are the Municipal Districts of Ponoka, Bonnyville, Cochrane, Wetaskiwin, Bright, Camrose, Swift Plain and Leduc, and local improvement District No. 76 (Breton area).

The Municipal Districts of Pincher Creek, Kneehill, Lac Ste. Anne and Red Deer also have announced for the establishment of the program in their district.

The schools familiarize Pest Control Officers with cyanide "coyote-gates" and the necessary precautions taken when setting up a gun.

These include the posting of warning signs in the area and notifying neighbours and exercising members of the danger.

The "coyote-gate," cyanide cartridges, scents, bait and other materials are supplied free of cost by the Department of Agriculture and Pest Control Officers.

Coyote guns set out properly have been successful.

Coyote guns set out properly have been successful.

Coyote guns set out properly have been successful.

## Zella Woman Kills Coyote With Club

Coyotes have become quite a menace of late but when a woman clubs one to death, that's news!

On Monday evening Mrs. John Hansen investigated the dog's barking and found he had cornered a coyote pup in the pig corral.

Mrs. Hansen succeeded in killing the animal with a club.

Miss Wilma Owens returned to her teaching duties at Zella on Tuesday after a few days absence with the mumps.

Miss Janet and Aurora Brower have also been ill with the mumps.

Mr. and Mrs. Benny Pearson and daughter Beverly of Olds, formerly of Fernholm, were guests at the home of Mr. and Mrs. Arthur Waldruff over the weekend.

Mr. and Mrs. Cliff Gibbs and Gary motored to Calgary on Monday.

(This Week)

Little Peggy Jean Jalnkie is a guest at the home of Mr. and Mrs. Arthur Waldruff over the weekend.

Mr. and Mrs. Emma Jalnkie left Thursday morning for a two weeks trip through the States.

The Mountaineers, the women's bowling team of Zella comprised of Mrs. H. Christensen, Mrs. W. Herbert, Mrs. E. Waldruff, Mrs. J. Johnston and Mrs. A. Waldruff, started their bowling season last Tuesday by winning two out of three games played.

The 2nd Troop Didsbury Boy Scouts will commence their winter program beginning Tuesday, October 16.

The place of meeting will be the Bible College at 7:30 p.m.

Nearly all the Troop have their Tenderfoot and these will aim for the Second and First Class Badges.

Several of the senior Scouts will work toward their First Class and King's Scout Badges.

During the summer several of the boys worked on acquiring proficiency badges. Some acquired valuable badges in swimming and lifesaving.

This year the Troop will work in connection with some older people who are interested in Youth Work.

A good spirit and an encouraging enrolment is anticipated and new recruits can be promised a warm welcome.

Peter Waldruff, of the Bible College is the Scout Master.

## Another Banded Duck Shot By District Farmer

George Clarke reported last week that he had shot a mallard duck with an aluminum band bearing the usual information of the Wildlife Service at Washington, D. C., and numbered 196-1309.

The duck was shot on Monday, October 1st, on Mr. Clarke's farm north east of town and was one of several shot by him that day.

The band is being forwarded by the secretary of the Didsbury Fish and Game Association to Washington for identification, and no doubt the particulars of the banding will be sent to the local association in the near future.

## Kroostown Kapers At Didsbury This Month

Thursday and Friday, October 25 and 26, will be marked by a local talent show on a scale never before in Didsbury.

Kroostown Kapers will be presented under the auspices of the Didsbury Lions' Club in the Memorial Arena for two evening performances. The show will be directed by a trained director who will arrive in town ten days before the performance.

The search for talent is now going on and it is expected that the whole Didsbury community will be represented in the cast of fifty required for the show.

The stage will be built in the east end of the Arena, facing north, and accommodation for a large crowd will be provided.

A committee of fifteen is now listing prospective members for the cast and the final selection will be made by the director when she arrives. Contact any member of the Lions Club if you have any stage ability whatever. The Club is anxious to provide an opportunity for as wide a representation of the community as possible in the cast.

Be sure to see about your reserved seat early, and watch for further announcements about seating plan and details of the show.

## Whist Party At Rugby

Seven tables of Court Whist were played Friday evening, October 5, at the home of Mrs. McNaughton.

Be sure to see about your reserved seat early, and watch for further announcements about seating plan and details of the show.

The W.I. appreciates so much coming out at such a busy time, and the contribution for Greek relief. One dollar per month for each family keeps starvation away, so we say many thanks.

Members who have not written up their autobiographies are asked to try to have them to turn in at the next meeting to be held at the home of Mrs. A. Bode. Also to bring more pictures for the scrap book.

The meeting closed with God Save the King and a lovely lunch was served by the hostess.

## Knox United Church W.A.

The October meeting of the Afternoon Group of the Knox United Church W.A. met at the home of Mrs. W.W. Gillett on October 4th with thirteen members and two visitors present.

The devotional period was conducted by Mrs. Ranton, and Roll Call was answered by a gift for the Bazaar, which will be held on Saturday, December 1st.

At the conclusion of the meeting lunch was served by the hostesses, Mrs. Roach and Mrs. Leeson.

## Didsbury Hospital Births

Born at the Didsbury hospital to Mr. and Mrs. Fred Evans on Thursday, October 4, a son.

Mr. and Mrs. Ray Westfall of Carstairs on Sunday, October 7, a son.

Oil development is again to the fore in the district and last week about 40 men and the Hon Drilling Corporation rig for Canadian Delphi moved in to the Water Valley area west of Cremona.

Men with families are now all located in houses and rented rooms at Cremona, and it is expected that actual drilling will get under way shortly.

According to our news correspondent at Cremona the Hon Drilling Corporation is the only 100% propane drilling outfit in Canada which comes direct from Texas. All the personnel of the drilling company are Americans, mostly from Texas and New Mexico.

## May Start Gas Pipe Line Construction By June 1952

## Harvesting Again Starts In District

Warm dry weather of the past few days has been the factor in putting the grain in stook and swath in shape so that harvesting can continue in some parts of the district, although very little grain is being threshed yet.

Farmers have been warned not to thresh the grain damp, as it will not keep in storage, and since the grain cannot be hauled to the elevator when damp the only alternative is to wait until it is dry.

Standing crops are now being cut and most of the grain will be down by the week end except where the fields are too wet to permit operation of machinery.

The Alberta Wheat Pool Crop report states that as a result of the wet weather wheat production has been reduced 5 million bushels, or by 10 million and barley by 3 million, a drop of 18 million bushels in these three grades.

Grade losses have been severe, according to the report, and wheat will be little better in quality than the frost damaged 1950 crop. About 85 per cent of the barley will be of feed grade compared to 87 per cent last year. About 67 per cent of the oats will grade below extra 1 feed, as against 72 per cent last year.

## 19 Members Attend Westcott W.I. Meeting

Mrs. Ed Klincek was hostess for the October meeting of the Westcott W.I. meeting held Thursday afternoon with 19 members and two visitors present. After O Canada was sung and the Creed repeated, roll call was a question box.

Minutes of the previous meeting were read and the business session followed.

Secret Sister gifts were received from Mrs. E. Ford, Mrs. E. Benson and Mrs. Ed Klincek.

The topic "Chicken supper discussion" was tabled until next week due to the lateness of the harvest.

Mrs. Carl Eckstrand spoke briefly on the handicraft list, and two songs were sung: "Back Up Your Troubles" and "Wish Me Luck".

A Christmas parcel is being sent to the corresponding W.I. in England. This will consist of tea and cake.

The five-minute talk was given by Mrs. R. Shantz on "Our Halloween" and the "Ghosts High Noon".

Members who have not written up their autobiographies are asked to try to have them to turn in at the next meeting to be held at the home of Mrs. A. Bode. Also to bring more pictures for the scrap book.

The meeting closed with God Save the King and a lovely lunch was served by the hostess.

## West Notes

The Rugby W.I. held a whist drive at the home of the President, Mrs. R. McNaughton on Friday last, with seven tables played. Honors went to Mr. McKee and Mrs. H. Waldruff.

Mr. and Mrs. W. Rigby visited with Mr. and Mrs. A.L. Hogg on Sunday evening.

Mr. and Mrs. Howard Krebs and Mrs. Arnold McCulloch went to Calgary on Sunday to visit Mrs. O. Krebs and Mrs. J. McCulloch, who are patients in the Holy Cross hospital. The former is getting along fine and the latter is to undergo a major operation on Thursday.

Mr. and Mrs. Gordon Wills spent Sunday evening with Mr. and Mrs. Arnold Hogg.

We've had everything out of season this year—snow in late June, etc., and now the second week in October we have mosquitoes.

Mr. and Mrs. Lloyd Foster of Lacombe visited over the long week end with relatives in the district.

Cutting is proceeding under difficulties in this district, as the ground is so soft in many places. It is really surprising to see so many fields in the stook, but the last few days have been ideal weather for harvesting and nearly all the garden vegetables are safely in, with most people having a bountiful supply of potatoes.

ROYAL COUPLE DINE AT CHATEAU FRONTENAC

A state dinner in honor of Princess Elizabeth and the Duke of Edinburgh given by the Province of Quebec took place at the world-famous Chateau Frontenac at Quebec when the royal couple arrived at that city on Tuesday, October 9.

George J. Jessup, manager of the Chateau Frontenac, (centre) is shown giving the royal menu to the Duke of Edinburgh (left) and the Duchess of Edinburgh (right). He handled the hotel's arrangements for the royal tour in 1939, and has wide experience dealing with such functions. Through the past 35 years the hotel has played host to such

royal notables as King George VI and Queen Elizabeth; the Duke of Windsor; the Duke of Gloucester; the Duke of Kent; the King and Queen of Siam; Queen Juliana of the Netherlands, and the governors-general of Canada from the Earl of Aberdeen to Field Marshal Viscount Alexander, and to two Roosevelt-Churchill conferences during the war.

**MACHEN**, a dachshund, finds that being crossed in pretty tough, brought back from Germany as a pet for **BILLY EUBANK**, son of Col. and Mrs. William E. Eubank, of Omaha. MACHEN never leaves members of the family until they're very close to her. "She chases her tail, as dachshunds sometimes do, but she often catches her leg by mistake," said Mrs. Eubank.

## Be Proud Of Your Business

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel—proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

MRS. E. CULLEN

## INDIA PURCHASES CANADIAN WHEAT

India has purchased 400,000 long tons (14,900,000 bushels) of milling grades of Canadian wheat. The sale resulted from negotiations between the Canadian Wheat Board and the Indian Supply Mission with headquarters in Washington D.C. The 400,000 long tons of wheat will be delivered to India under a shipping program running from October, 1951, to July, 1952. The entire quantity will be shipped through Pacific Coast ports. The sale of wheat to India is under the terms of the International Wheat Agreement.

## TOURIST DOLLAR BALANCE

For the first time in twenty five years Canadian tourist spending in other countries may equal or exceed foreign tourist spending here. Recently in good years, when accounts were balanced, there was a substantial excess in our favor. A few years ago, for every dollar the foreign tourist spent in Canada, only about 30 cents was spent by Canadian tourists in the United States and other places. Now we are spending dollar for dollar. That change, however, does not mean that the tourist trade no longer is important. Actually if Canadians are to travel freely abroad, it is more important than ever that we get more foreign tourists here. The money Canadians spent in the United States and other places must be balanced by foreign spending in Canada, and the simplest and most sensible way of getting this is to continue to boost tourist business here.

## WEED SCREENING REGULATIONS

Following is a synopsis of the new "Noxious Weeds Regulations" and shall apply to any movement of screenings within the Province except: (a) Those screenings moved in railway box cars while therein contained. (b) The movement of screenings by a person over land owned or leased by such person.

1. No person shall transport or move screenings within the Province until he has first obtained a permit in writing.

2. Any person wishing to transport or move screenings within the Province may apply to: (a) In the case of a Municipal District to the Weed Inspector appointed for the area in which the screenings are to be moved; (b) In the case of an Improvement District to the Weed Inspector for the area or to the Field Crops Commissioner or his representative for a permit in writing.

3. The Field Crops Commissioner, or any Weed Inspector or representative of the Field Crops Branch to whom application for a permit is made may issue a permit in writing in the form A of the schedule authorizing the applicant to move or transport screenings in accordance with the terms of the permit if the person to whom application is made is satisfied that the screenings will be confined during transit in tightly closed containers of a type which will not permit the escape of any of the screenings.

6. Any permit issued pursuant to these regulations may be cancelled without notice by the issuer if he finds that there has been an infringement of the Noxious Weeds Act or these regulations.

7. Any person who contemplates feeding of weed screenings to livestock is also required to first obtain a permit in writing either from his local Weed Inspector or from the Field Crops Branch.

These regulations may seem rather unnecessary to some but they are designed to prevent the scattering of weed seeds and everyone handling them should plan to abide by the regulations.

## ALBERTA'S FORESTS

Alberta contains 7,700 square miles of merchantable softwood trees and 24,071 square miles of softwoods in the young growth stage.

There are 9,360 square miles of merchantable mixed wood and 31,430 square miles of young growth of this type of wood. Hardwood merchantable area is 3,620 square miles and young growth 16,880 square miles.

Total productive forested land in the province is 93,060 square miles and there are 37,560 square miles of unproductive forested land.

More than half of the Province's area is covered with trees. The timbered areas are in the mountains and foothills of the south-west and in the districts north of Edmonton. Principle species of tree are the spruce, lodge pole, pine, poplar, balsam fir, white birch and tamarack.

When we put an aluminum roof on our Kingston, Ont. plant, we knew it would have many advantages for the people inside; but, frankly, we did not consider the pigeon population outside. They landed on the shining surface... liked the sensation... made it a pasture.

Providing toboggan slides for pigeons is no part of our programme. However, the aluminum roof which now dot the countryside do illustrate the rapidly growing demand for markets like this, we are building new plants and powerhouses in Quebec and British Columbia. Aluminum Company of Canada, Ltd. (Alcan).

## WE PAY A PRICE

(By H.C.L. Strange)  
The more one observes life the more one is compelled to notice that we have to pay a price for any advancement or progress we make. We discarded Marquis wheat because it was not rust-resistant, but no one pretends that in all other agronomic characteristics our new wheats are quite as good. We have greatly increased the milk production of cows but the modern high milk producer does not have the vitality possessed by the old fashioned low producer. We have greatly increased the production of eggs per hen but the modern bird seems to be more prone to disease. We abandoned the binder in favor of the combine but grain does not mature or resist frost in the swath to anything like the extent it did in the stook or stack. We have introduced labour-saving machinery on the farm enabling one man to work much more land, but our rural population is declining. We broke up the natural grass of the prairies and grew grain but brought down upon us a veritable plague of weeds.

No doubt this progress has all been worthwhile, but the point to remember, it seems to me, is that we have to pay a price whenever we interfere with nature.

WEDDINGS  
TOPPIN-FITCH

A quiet but pretty wedding was solemnized on September 17th at 2:30 p.m. in the United Church at Didsbury. Mr. Ronald Toppin of Didsbury. Rev. Hickman officiated.

The bride looked charming in a gown of white illusion net and satin. Complementing her gown she wore a sweetheart headress of similar net and orange blossoms, and her bouquet was red roses.

Marie Toppin, the groom's sister, was bridesmaid. Her frock was of pastel pink with matching head-dress, and she carried carnations.

The groom was attended by Darwin Reiffenstein, and Ray Vipond and Dave Patton were ushers.

Following the ceremony a reception was held at the home of Mr. and Mrs. Roger Dube at Calmar. Mr. Walter Reiffenstein proposed the toast to the bride.

Mr. and Mrs. Ronald Toppin left later to spend their honeymoon in British Columbia. The bride chose a going-away suit of tan tarstowed with maroon accessories.

Mr. and Mrs. Toppin will reside at Calmar.

Here are some car features that you'll quickly recognize as "quality features". They're the kind of features you'd expect only in high-priced cars. Now let's see who offers these features as standard equipment, among the cars in Plymouth's price class!

Here are Plymouth's  
**"yes" or "no"**  
answers on value  
in the lowest-priced  
field

This is only the beginning of the Plymouth Value story! Your Plymouth dealer has the new Quality Chart showing many more of Plymouth's big-car Quality Features. Let him show you how Plymouth gives you 19 out of 20 of these big-car features while car "A" gives you 11 — and, car "B" only 5! He'll show you what these features mean in extra Comfort, Safety and Performance. And, as a final test—he'll ask you to drive Plymouth! Then you'll find Plymouth rides like a big car because it's a big-car-built—to serve you better!

### USE THE CLASSIFIEDS—FOR RESULTS

*"Beats the old team  
any day, Dad"*

AWHILE back, he figured out just what a new tractor would do for his farm. He didn't have enough cash in the bank to handle the deal. So he talked things over with his bank manager, fair and square.

He got his bank loan — and the tractor. From now on, he expects to work more acreage, increase his farm income. Soon the bank will be repaid.

He looks to his chartered bank for market information, too, and any other banking service he may need.

That's what he wants. That's what he gets. Sound business all round!

One of a series  
by your bank

### CANADIANS SAIL 500 MILES ACROSS ENGLAND

Rev. Father J.E. McGraine, Parish Priest of Lac La Biche, Alberta, and his crew of four sea cadets last week sailed their home-made 32 foot launch 500 miles across England. Teen-aged crew consisted of Jack Volsentien, Harold Klein, Will Woyehuk and Romeo Lebeouf. Through hundreds of locks, they travelled from Liverpool to Manchester, Birmingham, Leeds down the Grand Union Canal to the Thames at Bantford, and on to London.

### WILL ORDER "DEADLINE" FOR CAR SAFETY CHECKS

Compulsory safety checks on motor cars, which were brought into effect in Alberta last July, have resulted in approximately 25,000 cars out of 168,000 licensed in the province, having been passed for tests.

Hon. C. E. Gerhart, provincial secretary, recently made a strong appeal to motorists to have their cars put through the safety tests, the fee for which is \$1.00. He also warned that it is the intention to set a deadline. When this is ordered, all cars must be checked, while those put subjected to the tests will be ordered from the highways.

The minister also pointed out that there are 1,300 garages and service stations in different parts of the province which are approved testing stations.

As not more than one-seventh of the cars in the province have been tested, it is feared that there will be a rush at the government approved stations unless there is a sudden increase in the safety check work in the interval.

### LEBANON STILL CANADIAN MARKET

The production of processed foodstuffs in Lebanon has increased tremendously in the last few years. This development has certain significance for Canada. It would tend to decrease her opportunities for the export of marmalade and confectionary to the Lebanon, but should increase the demand for linseed, sesamina, powdered milk and perhaps certain packaging materials. It also presents the possibility of providing new products for Canadian import trade such as Arak, Lebanese wines, certain vegetable oils and certain jams. Among all these products are to be found articles of good quality which are exclusively Lebanese, and therefore would not meet the sternest competition of world trade.

### Notes From the D.A.

(Hugh McPhail)

I have, in my office, prize lists for the Royal Agricultural Winter Fair for seed, grain and hay. I also have the prize lists for the International Grain and Hay Show at Chicago.

Anyone interested in showing samples at these Fairs may secure the prize lists from me at any time. Last year some prizes were won in districts close to Oils. Why not try again?

It is almost time to re-organize our Beef Clubs. Any new prospective members should let the Club Leader, or any member of the Club, know of their intention to join so that they will get a notice when a meeting is to be held.

Don't forget: It is desirable to have calves started on feed early in October.

Last year, Canadian sheep raises produced 9,231,000 pounds of wool, and 82,241,000 pounds had to be imported. It would evidently be good business to raise more sheep in Canada.

Wages paid to labour on Alberta farms in 1950 totalled \$32,397,000.

Some of the late grain just would not ripen this year and even after this frost period some may still be green. Such crops will be hard to cure. Possibly an economical way to handle these late crops would be to pile up green fodder just after cutting. It would make ensilage.

I know some farmers that regularly handle their wild oat crops that way. One man who managed the McIntyre farms for five years put Canadian Thistle in 50 stacks and wintered the calves at them. The thistles, cut in the crop were put in stacks immediately after being cut and made excellent feed. In addition to the feed value, seeds were prevented from spreading and the thistles were controlled.

### CHRISTIAN SCIENCE

The vital importance of daily right thinking in the regeneration of mortal lives is to be set forth Sunday in all Christian Science churches. The Lesson Sermon is entitled, "Are Sin, Disease, and Death Real?" These are typical selections from it: "Let the wicked forsake his way, and the uprighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God for he will abundantly pardon." (Isaiah 55: 7) "We must form perfect models in thought and look at them continually, or we shall never carve them out in grand and noble lines." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 248).

### Exports To Ireland Increase In Value

Purchases of goods from Canada have been well maintained despite the Republic of Ireland's shortage of dollars, imports from Canada increased 2.8 million pounds (sterling) in the first five months of 1951, from 1.8 million pounds (sterling) in the same period of 1950. This reflects not only Ireland's historic and substantial purchases of Canadian wheat, newsprint and timber, but a wide range of other necessary goods in the nature of raw materials for Irish industry. In these days of scarcities and diversion of materials to defence purposes, Canadian firms are credited with having shown great consideration for the basic needs of their old customers in Ireland. They have thus preserved the continuity of trade and retained the goodwill of useful connections.

### SEAT SAFEGUARD FOR PLANE PASSENGERS

Word comes from Australia that passenger seats in all new commercial aircraft will face toward the rear as a safeguard against injury in the event of a forced landing. Tests proved the occupants of airplanes who sat facing the rear stood a much greater chance of escaping serious injury, in case of an accident, than they would be facing forward. The immense advantage lies in reducing the shock of impact upon passengers. Engineers explain the principle in this way: If an aircraft with seats facing forward has to make a forced landing and the impact is severe, the safety belt tends to throw the head and upper parts of the person body forward against the seat ahead, thereby often causing injury. When the seat faces the rear, a passenger in the same circumstances is thrown against the thickly padded back of his own seat and the impact is therefore cushioned.

### CHURCH GIVING

Say it quickly and the \$120 millions to \$150 millions that goes into church collection plates in the 14,000 churches across Canada every year looks like big money.

But in fact it reveals that the church people of Canada aren't straining themselves by any means. Three centuries ago the church could count on one-twenty-sixth of the national income (then, the harvest) for an operating fund. That was the title the early catholic settlers paid into their parish treasuries.

The \$120 to \$150 millions Protestant and Catholics together contribute today amounts to less than one per cent of the total personal incomes in Canada.

As part of our average spending pattern the church rates well down the list.

We spend six or seven times as much (\$1,020 millions) on tobacco, alcohol and beverages.

We spend nearly three times as much on the combined services of the doctor and the undertaker.

Our spending on church rates alongside what we spend on personal attire, what we spend on drugs and cosmetics or what it costs us in soap and cleaning supplies.

### HEAVY BARLEY CROPS

Some exceptionally heavy yields of barley have been reported from various points in Alberta this year. At Three Hills, George Tapley and Ralph Day, both head fields of Warrior barley which averaged 80 bushels to the acre.

D. B. Cook of Grande Prairie harvested a 100 acre field of Olli barley which produced 77 bushels to the acre.

Mr. and Mrs. E. Dippel and Mrs.  
 L. Shantz were Calgary visitors on  
 Thursday.

Mr. and Mrs. L. Hunsperger and  
 Sharon were Calgary visitors on  
 Saturday.

Rev. and Mrs. John Gamble and  
 family were guests of Mr. and Mrs.  
 Lynn Hunsperger on Tuesday. The  
 former are leaving this week for  
 India where they will do mission-  
 ary work.

Sunday dinner guests of Mr. and  
 Mrs. J. B. Hipkin were Mr. and Mrs.  
 E. Dippel and family and Mr. and  
 Mrs. M. Dippel and Carole.

Mrs. D. B. Wood had as her din-  
 ner guests for Thanksgiving, Mrs.  
 Lynn Hunsperger and children, Mrs.  
 Ellen Cressman, Miss Grace Huns-  
 perger and Mr. R. Eckel.

Mr. and Mrs. H. W. Folkman and  
 family were Sunday dinner guests  
 of Mr. and Mrs. Louis Hildebrandt  
 of Carstairs.

Mr. and Mrs. Milford Cressman  
 of Edmonton spent the weekend  
 with Mr. and Mrs. W. A. Sherrick.  
 They also visited with Mr. and Mrs.  
 E. Dippel and Mr. and Mrs. M. Dippel  
 and were Monday dinner guests  
 of Mr. and Mrs. Harvey Stevens.

Mr. and Mrs. J. L. Tugger were  
 Sunday afternoon visitors with Mr.  
 and Mrs. W. A. Sherrick.

Mr. and Mrs. Milford Cressman  
 were Monday evening dinner guests  
 of Mr. and Mrs. Fred Befus.

Mrs. Delbert Levagood entertain-  
 ed at a miscellaneous shower on  
 Monday for the bride-elect of the  
 month, Miss Doreen Bennie, who  
 was the recipient of many lovely  
 gifts.

Mr. and Mrs. Ernest Good and  
 Nelda were Sunday dinner guests  
 of Mr. and Mrs. Alvin Steckley of  
 Carstairs.

Mr. and Mrs. Frank Stevens and  
 Miss Mona Stevens were Friday  
 dinner guests of Mr. and Mrs. Cecil  
 Weber.

Mr. and Mrs. Cecil Weber and  
 Mr. Donald Weber were Edmonton  
 visitors Thursday.

Mr. and Mrs. C. F. Stroud and  
 family were Monday afternoon vis-  
 itors with the Dippels.

Mr. and Mrs. Cecil Weber and  
 Douglas and Mr. Donald Weber  
 visited friends at Red Deer Sunday.

**BERGEN NOTES**

A good crowd was present at the  
 Bergen Home and School Associa-  
 tion social evening held at the Ber-  
 gen hall. Interesting contests and  
 games were held and following  
 the lunch hour there was a business  
 meeting. It was decided that future  
 meetings will be held the first Fri-  
 day evening of every month in the  
 Bergen hall. Officers were elected  
 to fill several vacancies in the As-  
 sociation. Mr. T. Haug was elected  
 vice president, Mr. Ross Ellis mem-  
 bership convener, Mrs. Ross Ellis  
 social convener for Red Deer Valley  
 district, and Mrs. T. Haug for Ber-  
 gen. Everyone is cordially invited  
 to future meetings.

Rev. and Mrs. John Gamble spoke  
 at the Bergen United Missionary  
 Church on Thursday evening. Mr.  
 and Mrs. Gamble will sail this  
 month for India to do missionary  
 work in that country. John's young-  
 er brother, Rev. James Gamble and  
 wife are missionaries at Northway,  
 Alaska.

Bill and Thora Matlin and Don-  
 nie visited here on Sunday.

Mrs. Dave Davidson, who spent  
 sometime in the Olds hospital suf-  
 fering from pneumonia, has return-  
 ed home.

The Ladies' Aid meeting will be  
 held this month at the home of Mrs.  
 D. O. Clark on October 18.

Everyone has been breaking their  
 backs digging gardens before they  
 are covered again with a blanket  
 of snow.

**HOW WOULD YOU SOLVE  
 THIS BRAIN-TEASER?**

Protagoras taught oratory to law  
 students in ancient Greece. He  
 made a contract with a pupil, stip-  
 ulating that he was not to be paid  
 until the student had won his first  
 case. But Protagoras asked for his  
 money ahead of time, and the pupil  
 refused to pay. Protagoras promp-  
 tly sued him. Protagoras felt he  
 could not lose. If the verdict was in  
 his favor, the pupil would have to  
 pay. If the verdict was against him,  
 the pupil would win his first case—  
 and still would have to pay.

The pupil reasoned that if he won  
 the case, the court would rule he  
 did not have to pay. If he lost, he  
 would not be winning his first case  
 and still would not have to pay.

Unable to reach a verdict, the  
 court adjourned the case for one  
 hundred years.

**WORLD'S FIRST JET SHIP**

The world's first jet ship to be  
 driven by a gas turbine engine is  
 being prepared for tests at sea  
 next month. She is the 12,000-ton  
 British oil tanker "Auris" built four  
 years ago for testing safety devices  
 and various types of marine equip-  
 ment.

**CREMONA NEWS**

Mrs. Chas. Franklin returned re-  
 cently from a vacation spent in the  
 United States and British Columbia.  
 While in B.C., she visited with Mr.  
 and Mrs. Crandall at Okanagan,  
 Mr. and Mrs. Mattie at Cranbrook,  
 and Mr. and Mrs. Shantz, old-tim-  
 ers of Didsbury at Vernon. Mr. and  
 Mrs. L. Grant and Mrs. E. Grant of  
 Calgary accompanied Mrs. Frank-  
 lin on her trip.

Mrs. Sara Shultz, who has spent  
 the summer at Winnipeg Beach,  
 Manitoba, returned to her home last  
 week.

The Canasta Club met last week  
 at the home of Mrs. Jerry Siming-  
 ton. First prize went to the hostess  
 and the consolation to Mrs. Jack  
 McQuinn.

Best wishes go to Miss Edith Ol-  
 son who has spent the past two  
 weeks in the Didsbury Hospital.

Mr. and Mrs. H. Hedding and  
 family of Calgary were guests over  
 the long week end at the home of  
 Mr. and Mrs. A. Hedding.

Wilt Carter of Clinton, New Jersey,  
 is visiting for a week with Mr. and  
 Mrs. Wayne Foat. Wilt has just fi-  
 nished a tour of Eastern Canada  
 and reports that it is nice to be back  
 in our district again.

Miss Patrice Price of Carstairs is  
 visiting for a few days with her  
 grandparents, Mr. and Mrs. M. Hew-  
 itt.

Ray Little and Ian Arrol of CFCN,  
 Calgary, were Sunday visitors at  
 the home of Mr. and Mrs. Wayne  
 Foat.

**FALLEN TIMBER**

Once again warmer weather is  
 with us and we do hope it will last  
 a while at least to allow crops and  
 gardens to be harvested.

Kenneth Rosted was a Didsbury  
 visitor last week.

Mr. and Mrs. W. H. McGaffin Sr.  
 were guests at the home of Mr. and  
 Mrs. Joe McGaffin last Friday and  
 help celebrate Pat McGaffin's birth-  
 day.

A week ago Sunday Mr. and Mrs.  
 Johnny Howton, Danny and Jean-  
 nie were supper guests at the home  
 of Mr. and Mrs. J. H. Cooper.

Little Coleen Teynor spent a few  
 days with her aunt and uncle, Mr.  
 and Mrs. Bill Moncey.

Mrs. Percy Fair, who has been a  
 patient in the Holy Cross hospital,  
 is once again at home.

The home of Mr. and Mrs. Whittle  
 has undergone a face lifting and  
 looks very nice indeed.

The regular meeting of the Busy  
 Bess was held at the home of Mrs.  
 Johnny Howton. Despite the very  
 muddy conditions of the road there  
 were eight ladies present. It was  
 decided to hold a pot luck supper  
 on November 16, at 7 p.m. at the  
 Fallen Timber school. It was also  
 decided to buy stage curtains for  
 the school, funds for same to be  
 taken from proceeds of the supper.  
 Mrs. Stair was the winner of the  
 raffle draw. A delightful lunch  
 was served by Mrs. Harold Morris-  
 son and Mrs. Moncey. The next  
 meeting will be held at the home  
 of Mrs. Teynor Sr.

Congratulations and best wishes  
 are extended to Miss Jany Berendse  
 whose marriage took place recently  
 in Edmonton.

The regular church service was  
 held Sunday, October 7, with a good  
 attendance.

Sunday school classes underwent  
 a change, this Sunday being the  
 semi-annual graduation of stud-  
 ents.

**MY COMPETITOR**

My competitor does more for me  
 than my friends will do.

My friend is too polite to tell me  
 what I ought to know.

My competitor makes me efficient,  
 diligent and attentive.

He makes me work and search for  
 new ways to improve my service.

My competitor would take my  
 business away from me if he could.

This keeps me constantly alert to  
 protect what I have.

If I had no competitor, I would be  
 lazy, incompetent and independent.

I need discipline, I like my com-  
 petitors. They have been so good  
 to me.—The Counselor

**HALLOWE'EN HAVOC**

Here's a way of cutting damage  
 on Halloween. Mayor Lewry of  
 Moose Jaw, Sask., tried it last  
 year.

He got out an honour certificate  
 which, with the co-operation of the  
 city's school board, was distributed  
 to all pupils during the week before  
 October 31.

Bearing the seal of the city, the  
 certificate is a pledge of citizenship.  
 It bears the name and address of  
 the pupil and the name of the  
 school, and the signature of the  
 mayor. The holder of it is pledged  
 "on his (or her) honor as a citizen  
 of Moose Jaw not to deface, mutil-  
 ate or destroy property or perform  
 any harmful act to others during  
 the Halloween season."

# PRINTING---

ISN'T PACKAGE GOODS

- **YOU CAN'T** just reach up and take it off a shelf or rack.
- **IT TAKES TIME** to produce good printing, and a good newspaper.
- **AT THE PIONEER** we try our hardest to apply printing skill and modern machinery so that good work can be produced quickly. But it does help if we can have a reasonable allowance of time.
- **YOUR ORDERS** for printing are always appreciated. And if speed is of the essence we bear down.
- **YOUR NEWS ITEMS** and advertising orders are always welcome, too. The earlier in the week the better. We do turn out a whole of a lot of type those last hours before the final press run every Tuesday—but it helps considerably if copy comes into the office early. By "early" we mean Thursday, Friday and Saturday, and not later than Monday evening if you want to catch the current edition.
- **THANKS** for reading.

### Ranton's

Didsbury's Friendly Store

Mr. and Mrs. Ed Ranton left Friday for Calgary where they spent a day before going on to Edmonton to spend the Thanksgiving holiday.

—When natural gas comes, be ready. Propane gas heating and cooking will convert for only a few cents. See us now, Harold E. Oke, phone 10, Didsbury.

Mr. Joe Curry, the Alberta staff member of the I.S.C.F., will be the guest speaker at a meeting at 8:00 o'clock on Tuesday evening, October 16, in the United Missionary Church. Mr. Curry is well known throughout the schools in Alberta, and a heart-warming message is in store for all. After the meeting the high school students will meet at the Evangelical church where a reception will be held.

Mr. and Mrs. Al Mack, Mr. and Mrs. Jack Streich, Mr. and Mrs. Allan McEae and Don and Mr. and Mrs. Jim Wright and family, all of Calgary, were weekend visitors with Mr. and Mrs. Ed Berscht and Mr. and Mrs. Sid Wright.

Trev Evans has completed the plastering and stucco work on his new house in the north end of town and he is now offering this modern home for immediate sale.

Mrs. Florence Green and Mrs. Dorothy Green and two daughters of Calgary, and Miss Agnes Tighe of Innisfail spent the holiday weekend with Mr. and Mrs. G. Tighe.

## JACKSON OIL WELL NEAR ACME ABANDONED

According to a report issued last Thursday the Jackson No. 1 well five miles west of Acme has been abandoned. The well was drilled to a depth of 7800 feet without encountering any appreciable gas or oil showings.

Canadian Superior of California had its own drilling rig on the venture, the same company having previously drilled the Robertson well south west of Didsbury.

It is rumored that the drilling rig will come back to the Didsbury district to drill on the Chas. Brown farm west of the Robertson well.

## CARD OF THANKS

St. Anthony's Altar Society wishes to thank all who helped to make their supper a success.

## Teachers Face Rise In Pension Costs

Eric Ansley, secretary-treasurer of the Alberta Teachers' Association, said last week at Lethbridge that a higher percentage of teachers' salaries will have to go into the pension fund if present benefits are to be maintained.

He estimated at the opening of the southwestern Alberta Teachers' Association convention that the increase would have to be about three percent of the teachers' salaries, raising the contribution from the present eight percent to 11 percent. In Edmonton, Fred Seymore, assistant secretary of the A.T.A., last week urged additional financial assistance for the teachers' pension fund.

Teachers' wages, he told the meeting of the 12th Edmonton district A.T.A., have almost doubled since the pension plan opened, and the liability of the fund has been almost doubled by higher salaries.

## Fire Prevention

In peacetime and in wartime fire is a great menace. Consequently during Fire Prevention Week we should take stock to see what we have done, and can do, to protect ourselves against it.

1. Look in your attic and basement. If you find there an accumulation of odds and ends, most of which are combustible, imagine an incendiary bomb falling into it. The accumulation would burn like tinder, and probably set fire to your house. Be absolutely ruthless about getting rid of all unnecessary fire hazards, such as old newspapers, bundles of magazines, and broken pieces of furniture.

2. Be sure cigarette butts are not left smouldering.

3. Have faulty electrical wiring repaired promptly.

4. Never leave a fire in an open fire-place unattended.

5. Keep chimneys in good repair and furnace pipes clean and sound.

6. Make every effort to ensure an ample water supply.

In your place of business take all the above precautions plus these:

1. Make use of fire-retardant paints and washes where possible.
2. Lay in a stock of fire-fighting appliances. See that your employees know how to use them. If oil or grease is stored on the premises foam extinguishers should be kept.
3. Be sure that fire fighters can get to every part of your premises, by arranging passageways between piles of goods.

By taking these precautions in peacetime, we are not only protecting our property from fire now, but we will have taken an important step toward protecting our homes from a possible incendiary attack in the event of war. In World War II, 80 per cent of the property damage was caused by fire.
